

Developing Breakthrough Innovations

At the **Mauritius Revenue Authority (MRA)**, we create the future today. Ever since its inception in 2006, the MRA has been innovating. So much so that the World Bank ranked Mauritius at the 10th position in the Ease of Paying Taxes Indicator out of nearly 200 economies.

The **Three-Box-Solution*** has proved to be highly effective at the MRA

We manage the present efficiently

We selectively forget the past

We create the future by adapting to change

Value-based approaches:

We, at the MRA, will keep on striving to remain amongst the leaders of tomorrow. We know that we can only adapt to change by further developing breakthrough innovations.
